About This Game

Game introduction

it's definitely time the subway stopped running.
But I got on the subway to get home from work.
It was not the usual subway.

Depending on your behavior, ghosts attack you.
Escape the subway with caution against ghosts.

It's completely broken on the Oculus Rift- movement is not linear (i.e.- move your head a little to the right and it 180s itself), and the height calibration is way off, making me a super tall person with no way to recalibrate it. The controls don't work either; I don't think it is meant to have an Oculus tag.
